Why Access Social Care Exists

Everyday millions of older and disabled people are denied the social care they need. Most local authorities can't meet the growing demand for care, none are confident they can meet their legal duties in the future. This affects all of us, we will all need social care at some point.

We all have a right to hold public bodies to account. But most of us cannot afford lawyers so rely on legal aid. The 77% drop in community care legal aid cases since 2010 means we have nowhere to turn. Without access to justice, our rights do not exist. The rule of law is broken.

What we do

Access Social Care provides free legal advice and information for people with social care needs, helping achieve a better quality of life. We work with communities to increase knowledge of the law and our rights. We highlight the gap left by cuts to Legal Aid and provide advice for those who can't afford it.

With a 98% success rate, our network of lawyers and barristers ensure fair access to justice when things go wrong. We collaborate with social services whilst ensuring legal obligations are met. We are working towards a future where social care is adequately funded, and we all get the support we need.

About the role

This is an exciting time to join our organisation. We have a new strategy and are growing quickly including across our senior leadership team. We have nearly tripled in size and income since we started operating in April 2020 and we anticipate that this strong growth will continue for the duration of our next strategic period. Access Social Care are an organisation of thirty-six people, and this is a new role in the People team coming at a period of growth to drive a thriving charity and help shape its future.

This is a fast-paced role whose emphasis is on policy / process / systems improvement as well as advising colleagues and managers across the organisation regarding all aspects of the employee lifecycle. You will work with people at all levels of the organisation supporting the People Director on strategy work streams as the organisation continues to grow and evolve.
